BRIGHTON BEACH TRACK.

There is considerable speculation as to the state of the track at Brighton Beach this year, and the cause of its unusual speed and the records which have been reeled off by various horses without cessation since the meeting opened. There has been a number of ideas given, some as authoritative, others simply theory, and the facts in the matter are as follows, as gleaned mainly from Track Superintendent Clare, who should surely know the inside of it all.

It appears that for years past there were people in the east, visitors and those who had journeyed afield, who stated that as regards making a track the superintendents in the east were asleep, had not cut their milk teeth, and various other playful suggestions. Certain it was that at the western tracks records were made again and again, until many of those for important distances were held by the west. These, however, were always accepted with a grain of salt by the eastern men, for the simple reason that few of the western horses lived up to them when the animals were brought east.

Mr. Clare then determined to see what he could do with the track at Brighton Beach. He first cleared off about four inches or more of the old top dressing, which had been harrowed over and over until it was as dead as Caesar, and then, putting the cushion into good shape, he redressed it to about three inches, and as soon as this was well settled by constant attention, he began to harrow it very lightly, not more than an inch and a half or two inches, and this is the main reason, he claims, for the phenomenally fast track this year.

This track is a hard one to manipulate for various reasons. Principal among these is the fact that it was originally sandy beach and is still so constituted that with a field of eight or ten horses galloping around the lower turn the earth can be distinctly felt to vibrate from the thud of their hoofs. Also because in the infield, which was nothing but salt meadow originally, there is water to be obtained at a depth of a few feet, and when the "soc" or underwater is high, as in wet spring or fall season, it lies almost on the surface.

It is an accepted fact that a track is always fastest when new, and those who remember the surroundings of the running on the Gravesend track when it was first built, will admit that it was faster then than at the present time. It was then possibly the fastest track in the east. Later Guttenberg cut several records, but these were mainly at the shorter distances, and this was due to two advantages, one of which was the very long stretch, and the other the not generally known fact that from the turn to the wire, there was a steady and even gradient, amounting to a five foot drop. Some years ago a suggestion was made to remove the top dressing from the Gravesend track and sod it to a depth of eight inches, with sods placed with the roots uppermost, and it was said that such a track would be so fast that "the horses would finish before they knew the flag had dropped." It is the opinion of experienced men that while such a track would undoubtedly be fast, it would work out in about a couple of years owing to the top dressing being gradually forced into the rootmat, thus destroying the cushion on which it depended for its speed.

Thus the Brighton Beach track today is an improvement on the western tracks, and it would be interesting to see what some of the western cracks could do on it against some of the eastern flyers. It will be difficult to get a good average mile record—that is, comparative with those obtained at other distances—because of the turn being so close to the starting point,

which would prevent a horse, unless away in front, from striking his gait until considerable of the distance had been covered.

It is interesting to note that most of the records now held have been made within the past ten years, those which rank further back being the 1 mile 500 yards of Bend Or, Saratoga, 1882, in 2:10; 11-8 miles of Tristan, 1891, at Morris Park, 1:51; the 25-8 of Ten Broeck in 1876, in 4:58; the 23-4 of Hubbard, at Saratoga, 1873, in 4:58; the half mile of Geraldine, at Morris Park, 1899, 46 seconds; 2 miles of Ten Broeck, 1877, against time, in 3:27, and some at three miles and over. All others are more recent, all of which shows that the modern track is considerably faster than those of the "good old days."

It is also interesting to recall that on the old style, semi-hard tracks, there was little heard of bowed tendons, this being essentially a product of the modern deep track; the hard track sooner or later affecting the shoulders, if anything, but old timers will remember that the campaigners at the old fair tracks, where the distance was half a mile on a track as hard as stone, seldom had anything the matter with them, but just hammered away, season in and season out.

Both extremes have been struck, from the hard track with little or no top dressing, to the deeper tracks, and now it seems as though the happy medium was about to be struck, with great gain to the eastern record book. Therefore there is considerable credit to be given to Mr. Clare, and congratulations on his successful progressiveness.—Spirit of the Times.

GOSSIP OF THE TURF.

Apropos of the discussion of the prevalent prejudice against "first foals" of mares, Commando, the champion two-year-old of the first half of the year, is the "first foal" of Emma C. II., and Dr. Barlow, by Chorister, who won the Choice Stakes at Brighton, July 7, beating Outlander a half length, with the third horse, Petra II., six lengths back, with Lief Prince and Great American behind them, is the "first foal" of her dam, Illogical, by Aerolithe, out of Paradox. This was a creditable performance, as Petra II. showed herself a good filly three days later by winning at five furlongs, beating Snark a length and a half, with Princess Otilie, The Regent and eight others behind them. Both Commando and Dr. Barlow were bred in the Castleton Stud of Mr. James R. Keene, which is under the management of Major F. A. Daingerfield.—Thoroughbred Record.

WANT HANOVERS IN ENGLAND.

From the London Sportsman of June 11 we take the following in "Vigilant's Note Book":

Only the other day "The Special Commissioner" called attention to the praiseworthy enterprise of Mr. James E. Platt in importing the American horse Hand 'Or and thus restoring the direct line of Glencoe to this country. From the pedigree of Hand 'Or, which is given in another column, it will be seen how beautifully bred he was, and how suitable to cross with English-bred mares. Unfortunately I have to write of him in the past tense, for I learn with regret that the horse fell dead at exercise at Foxhill on Saturday morning. This is indeed a disappointment and a loss. Hand 'Or had been in England little over two months. He more than once accomplished a brilliant performance in America, notably when he won the Latonia Derby (one mile and a half) from Plaudit in the record time of 2:32, and Plaudit shortly afterward ran second to the great Hamburg for the Realization Stakes, the most important three-year-old race in the states. Moreover Hand 'Or was a good-looking, lengthy, blood-like horse, with every appearance of making up into a fine stallion. I have not yet heard the cause of his death, but it would probably be rupture of an artery or heart disease, and in any case the hopes that were formed in regard to him are now dashed, and the prospect of re-establishing the Glencoe line in England is again as remote as it was before the arrival of Hand 'Or. To be sure, there is Star of Hanover (by Hanover) racing in England, but there is not enough of him to make a stallion, and we must look again to the States if we want a Hanover horse likely to uphold the reputation of that extraordinary sire. The first experiment has not proved encouraging, it is true, but it is to be hoped that another effort will be made. Glencoe has, through Pocahontas, left us such cause to regret him, and the value of his blood in America has proved so inestimable that I can imagine nothing better calculated to improve our bloodstock than a revival of the Glencoe line. He was a great horse himself, and splendidly bred, being by Sultan out of Trampoline, by Tramp, her dam, Web, own sister to Whalebone and Whisker, by Waxy out of Penelope.

The above is a good "tip" for American owners who may have well bred sons of Hanover.—Turf Field and Farm.

AT HAWTHORNE AGAIN.

The racing scene shifted yesterday from Washington Park to Hawthorne and in the wake of the sensational Wheeler Handicap Saturday everything seemed mild and Sunday-like around the Cicero course.

The grounds, grandstand and paddock especially had a healthy look and there was a record-breaking Monday crowd out, still things did not have the lively bustle that was so noticeable throughout the Washington Park meeting.

There were twenty odd bookmakers on and they did business in the regular old-fashioned way, posting their prices on slates. This way of booking does away with considerable pushing and crowding in the ring, and a person had a chance to put a bet down without having his clothes torn off.

The Hawthorne paddock always was a treat on a hot afternoon, but yesterday, with a brand new supply of tan bark for a footing, it was a more inviting spot than ever before. The betting shed is far more comfortable than the one at Washington Park, and it must have been a treat for the bookmakers' clerks to once more be separated from the crowd and have plenty of room to work, as they do when slates are used, and each bookmaker has a roomy stand.

The same officials occupied the same positions as they did at the spring meeting. Harry Kuhl and Charles Trevathan were in the judges' stand. Jake Holtman wielded the starter's flag, W. R. Letcher attended to the Secretary's duties, and Harry White kept his eye out at the head of the stretch for foul riding, as well as being the paddock judge. Frank McEvoy, as usual, took care of the business end of affairs, and he was on the go all the time, having perhaps more to attend to than a small boy with a barrel of snakes.

The going at Hawthorne is a trifle slow in comparison with Harlem and Washington Park, still it is far from being a slow track, as can be seen by John A. Morris' three-quarters in 1:13, but record-breaking performances can hardly be expected.

The Monadnock Selling Stakes, a sweepstakes for three-year-olds at one mile, was the event of the card yesterday. There were but five starters in this stake and three of these finished heads apart, consequently the event brought forth much enthusiasm. The close finish, however, was not commented on to any great extent, as the talk of the race was centered about Scales. This horse was a stanch favorite at 3 to 5 for the race and a ton of money was bet on him at that price. The colt looked on paper to be an absolute certainty and many went to the track especially to back him on account of his excellent showing in his last two starts at Washington Park. Scales belongs to P. Dunne, in whom the public has perfect confidence, and was ridden by J. Winkfield, a colored jockey who bears a good reputation. Consequently when the colt came plowing home last by twenty lengths the crowd stood aghast and for an hour after the race were asking one another what was the trouble.

As a matter of fact, Scales' bad showing worried the judges and Owner P. Dunne much more than it did any one else. Mr. Dunne thought he had a cinch on the stake, and the talk after the race to the effect that the colt was sick and Mr. Dunne was aware of it was out of line, as he bet on the colt and also advised his friends to go with him.

Scales got away last and lost much ground on the first turn. Winkfield also got him shut off a couple of times when going down the backstretch. Still when passing the half-mile post

AT HAWTHORNE AGAIN.

Continued from First Page.

the colt was going along easily and his chances
of winning seemed good. On the far turn, how-
ever, he began to lag and Winkfield, seeing the
other horses drawing away from him, pulled
his whip and patrol judge Harry White says
fairly burned the colt up, but not an inch could
he gain on the leaders, and at the head of the
stretch it was evident he had no earthly chance,
and Winkfield, not wanting to punish a beaten
horse, eased up. The colt was beaten off so far
that many thought he had bled or broken down,
but he pulled up as sound as a new dollar and
the only excuse that can be offered for such a
bad showing is that he sulked. After the race
and after the colt had cooled out Mr. Dunne
took his temperature, thinking perhaps he
might have been a sick horse, but the colt's
condition was normal, and there you are.

Midwood, from Green Morris' stable, won the
stake by a narrow margin from Silver Coin.
Wax, with 114 pounds up, led up to the head of
the stretch where Devin shot Midwood to the
front and the Midlothian—Miss Woodford colt,
staggering and all out, managed to last long
enough to win.

Although John A. Morris stepped three-quar-
ters of a mile in 1:13 in the second event, and
won impressively, Devin's bad ride on Mint
Sauce was the feature of the race. This young-
ster could not have ridden worse had he tried.
He had the gelding in and out and all over the
track, and evidently, on the far turn, must have
had his eyes closed, as he deliberately rode into
a pocket. Mint Sauce was in excellent form,
however, and after running around his field on
the stretch turn was third when the field headed
for home and seemed to have a chance of catch-
ing John A. Morris, who had been in front all
the way, but Devin let him swerve at the criti-
cal moment and those that had backed him had
the pleasure of seeing him finish second, with
the impression in their minds that with a com-
petent ride he could have won.

During Hawthorne's long rest the steeple-
chase course has been improved wonderfully,
and the race through the field yesterday was a
pleasing one to the eye. Ten started for this
event, but only seven finished. Last Past and
Manchie went wrong at the first and second
jumps respectively, while Lord Chesterfield,
when ten lengths in front of his field and ap-
parently running easily, bolted at the ninth
jump. Lord Chesterfield seems to be the best
jumper at the game and has a fine turn of
speed, but he is a rogue of the worst kind, and
in his last three starts he has gone wrong. Such
a horse is liable to get almost any one into
trouble, and it would be a good thing if he was
treated as Tulla Fonso was at Washington
Park—barred in the betting.

Becky Rolfe, who, by the way, is trained by
Gwynn Tompkins, who several years ago had
that grand cross-country mare, Can Can, at
Hawthorne, won the jumping race. The mare
was ridden by Tim Murphy, who managed to
keep her up within striking distance of the
leaders all the way and, after clearing the last
fence, she caught the tiring Passe Partout an
eighth of a mile from home and after that had
things her own way.

Jockey Stoffell, by his thick-headedness,
came near causing a serious accident, such as
one R. Taylor riding a horse named One Fifty
did several years ago. Stoffell's mount, Man-
chie, went wrong at the first fence but the
jockey thought he would try to make the geld-
ing take the jump and never paid the least bit
of attention to the other horses who were in
keen contention for the race. The consequence
was that by the time Manchie and Stoffell had
cleared the second obstruction the rest of the
horses had gone around the course and as they
were going in a different direction there was
Manchie in the way and it is a miracle how a
collision was avoided. Had Manchie collided
with the front horse in the race it is possible
that every other horse would have been thrown.

Green Morris was not satisfied with winning
the stake, and with his good colt Golden Age he
captured the fifth race. Golden Age carried 120
pounds, but had Bullman in the saddle, and he
had little or no trouble in disposing of an ordi-
nary lot of youngsters at five furlongs in 1:01.
Behind Golden Age, Fancy Wood, Jiminez and
Telephone Girl finished noses apart.

Barbara M., a 10 to 1 chance, was the lucky
one in the first event. This filly was finely rid-
den by the sulker, Rose, and after a hard drive
all through the stretch beat Fondo by a neck.

The closing mile and a sixteenth condition
race went to Eva Rice, who was ridden by Bull.
This race clearly demonstrated how a good
rider can make an inferior horse win. After
Orimar's sensational mile in 1:38 it seemed that
he held a filly like Eva Rice safe, and 7 to 10 ap-
peared to be a royal price against him, but
Winkfield's bad judgment was too much of a

handicap for Orimar to overcome, and the Eva
Rice-Bullman contingent came home rejoicing.
Why Winkfield took Orimar to the front and
raced him into exhaustion is a mystery to all
who saw the race, but he did and managed to
get the horse beaten a mile and a sixteenth in
1:46. If the same race was to be run over to-
morrow with Bullman on Orimar and Winkfield
on Eva Rice, there is not a doubt but what Ori-
mar would win. Winkfield got lucky and rode
a few winners at Washington Park, and as
riders were scarce at the time he at once devel-
oped into a star. It may be that a little suc-
cess made the boy conceited. He has a lot to
learn, however, and a few more rides like the
one he put up on Orimar will cost him his pres-
tige.

Jockeys Stuart and Devin were set down
indefinitely by the judges at Hawthorne
yesterday for bad rides on Tayon and
Mint Sauce in the second race. Starter
Holtman fined jockey Bullman \$50 for spoiling
two good breaks with Golden Age in the
fifth race. Jockeys Murphy and T. Casey
were fined \$10 each for bad conduct at the post
with Becky Rolfe and Chenier in the jumping
race.

Winner—Ch. f, by Masetto—Banka's Daughter.

Went to post at 2:50. At post 7 minutes. Start fair. The first four were close together and driving to the limit. Barbara M. had clear sailing, got a good, strong ride and ran a good race for her. Fondo met with some interference at the start and also on the far turn. This considered, he ran as good, if not a better race, than did the winner. Bugaboo should have won. She was off poorly and interfered with often, but in the run through the stretch closed an enormous gap. Grace Cup was hemmed in on the rail all through the stretch. Both Woodstick and Icon quit when the pinch came. The latter seemed to be short and will improve from this race.

Scratched—19372 Battus, 115.

Corrected weights—Woodstick, 103.

Barbara M., place, 3 to 1; show, 8 to 5. Fondo, place, evens; show, 3 to 5. Bugaboo, show, 2 to 1.

Winner—Br. c, by Gallantry—Jett.

Went to post at 3:00. Off at the first break to a good start. Won easily; second handily. Third and fourth were driving hard. John A. Morris got away well in his stride, was well ridden and won in a high-class way. Whatever chance Mint Sauce had was ruined by a bad ride. Devin had him in and out and all over the race track, and had he tried he could not have ridden a worse race. He seemed to deliberately ride into a pocket on the far turn, and all the way through he was more of a handicap than a help to the horse. Onomastus made a good showing, but tired at the end. Tayon came from behind with a rush in the stretch, and had it been a trifle farther would have been third.

Scratched—19268 Hermoso, 119; (19215) Sly, 122; 19310 Sim W., 111; 19375 Belle of Memphis, 114; 19351 Georgie, 112; 19192 Star Chime, 95.

Corrected weights—John A. Morris, 112.

John A. Morris, place, 9 to 10; show, 9 to 20. Mint Sauce, place, 1 to 2; show, out. Onomastus, show, 6 to 5.

Winner—Ch. m, by Tristan—Pocahontas.

Went to post at 3:35. Off at the second break to an excellent start. Won handily; second driving hard; third eased. Becky Rolfe was well handled, fenced without making a mistake, and at the end was going away. Passe Partout jumped well, showed a lot of speed, but appeared to be a trifle faint hearted. Globe II. shouldered 160 pounds gamely. He is a good honest performer at the jumping game. Those behind Globe II. were easing up at the end. Lord Chesterfield was running under a stout pull and did not seem to be in the least distressed when he ran out of the course. He is a bad horse and is liable to get almost anyone into trouble.

Overweights—Passe Partout, 14 pounds; Californian, 1.

Becky Rolfe, place, 6 to 1; show, 3 to 1. Passe Partout, place, 8 to 5; show, 4 to 5. Globe II., show, evens. Lord Chesterfield, place, 8 to 5; show, 4 to 5.

Winner—Ch. c, by Midlothian—Miss Woodford.

Went to post at 4:05. Off at the first break to a good start. The first three were driving to the limit. Midwood was at his best, was lucky, and barely lasted long enough to win. Silver Coin ran a good, game race and was rapidly overhauling Midwood at the end. He is a shifty selling plater. Goldone improved a lot since his last race at Washington Park. Wax showed some speed, but he was giving away too much weight to be a contender. Scales, from all indications, sulked. At any rate he ran a bad race. Rumor had it that he was a sick horse, but owner Dunne denied this rumor and was as much surprised as anyone else at the colt's poor showing.

Midwood, place, 8 to 5; show, 3 to 5. Silver Coin, place, 8 to 5; show, 1 to 2. Goldone, show, 6 to 5. Wax, place, 8 to 5; show, 3 to 5. Scales, place, out.

Winner—B. c, by Golden Garter—Nonage.

Went to post at 4:35. At post 6 minutes. Start straggling. Won cleverly; second, third and fourth were driving to the limit. Golden Age is a fine colt and was in a soft spot. He simply loafed all the way and could have won off by himself had Bullman so chosen. Fancy Wood was right there all the way, but in the last sixteenth she hung, and barely lasted long enough to hold second place. Jiminez ran a good race. Telephone Girl seemed to be running easily at the head of the stretch, but hung at the end. There was little or no action to the race, as the field was strung out all the way.

Scratched—18959 Bonnie Lissak, 107; 19099 Forkford, 103; 18733 Dandy Jim, 110.

Overweights—Santalus, 2½ pounds.

Golden Age, place, out. Fancy Wood, place, 2 to 1; show, evens. Jiminez, show, 2 to 1.

Winner—Ch. m, by Masetto—Miss Rye.

Went to post at 5:10. Off at the first break to a good start. Won in a long, hard drive of two; third easily. Eva Rice was best ridden and that accounts for her winning. Riders reversed, Orimar would have won. Winkfield rushed Orimar to the front early and ruined his chances by setting a fast, hot pace. The horse runs best from behind and had the jockey placed him in the early part of the race he could not have lost. Eva Rice is a good, honest mare. The field ran Indian file all the way.

Scratched—19288 Owensboro, 94; 19173 Bangle, 109; 19349 Lake Mills, 96; 19172 Jim McCreedy, 107.

Fantasy was cut off on the backstretch but came again at the end. Beau Ideal hung when it came to a drive and was beaten in the last stride for third place.

"TEXAS" SMITH RULED OF.

Somewhat of a sensation was created yesterday at Hawthorne when it was announced that "Texas" J. H. Smith had been ruled off the turf by the Washington Park stewards. Smith has been in the racing business a number of years. He has never owned any great race horse but has always had a number of selling platers in training and last winter at New Orleans headed the list of winning owners. Mr. Smith has stated himself on numerous occasions that he was in the horse business simply as a trader and never relied much on what his horses won in purses for his existence.

Smith has always been a hard man for other owners to get along with in selling races, and has been dubbed "the selling race terror." It mattered naught to whom a horse belonged, if Smith thought he was in too cheap he would not let an owner get away with a purse with a \$1,500 or \$2,000 horse entered to be sold for \$500. Furthermore, if Smith happened to start one of his horses in a race and catch some other owner out of line he wasted no time in claiming the horse that he thought was entered too cheap, and in this way has on several different occasions got hold of a good horse.

As a trader Mr. Smith used keen judgment, as can be seen by the following two examples: He bought Tappan at New Orleans two years ago for \$100, won something like \$2,700 in purses with him, and then sold him to John F. Schorr for \$1,100, buying him back again from Schorr the following day for \$1,000. For something like \$700 he got Benneville out of a selling race at Cincinnati, won over \$3,000 in stakes and purses with him, then sold him to James Lamley for \$6,000, and immediately after Lamley got hold of the horse he broke down and has never started since. These are only two instances of his shrewdness as a horse trader.

Here is how the Washington Park stewards landed the wily Texan: J. Carroll started Catastrophe in a selling race at Washington Park July 6 and entered the horse to be sold for \$700. In the same race Smith had Red Pirate, and as Catastrophe did not win, Smith, after the race, headed for the secretary's office to put in a claim for Catastrophe, being satisfied to pay \$1,200 for him. On his way to the office, so rumor has it, he met Carroll and the latter remarked, "going in to claim my horse, I suppose." Smith answered in the affirmative and Carroll, not wanting to let his horse go for \$1,200, asked Smith how much he would take to let the matter drop. Smith agreed on \$100, so it is said, and Carroll kept his horse. The latter, however, took advantage of Rule 155, American Racing Rules, which reads: "Any person offering, or entering into an agreement, to bid or not to bid or attempt to prevent another person from bidding on the winner of a selling race, or claiming any horse in such race, or attempt by intimidation to prevent anyone from running a horse in any race for which it is entered, or demand any portion of the surplus from the owners of the horses which are entitled to it, or any owners running horses in a selling race who may make an agreement for the protection of each other's horses in contravention of these rules, shall be ruled off."

As shrewd as Smith has always been in his dealings it seems that he should know the above rule by heart. Had he claimed Catastrophe and sold him right back to Mr. Carroll for an advance of \$100 it would have been strictly a business deal and no trouble would have come from it.

It was rumored that F. W. Doss endorsed Mr. Carroll's charge against Smith to the Washington Park stewards.

Yesterday's races were run over a track fet-

lock deep in slushy mud, and as is always the case under such conditions, the sport was devoid of interest, all the winners having much to spare at the finish.

There was one mild outburst of enthusiasm after the fourth race which the popular jockey Burns won with ease on Dangerline. It was a five furlong selling race for two-year-olds and ten ordinary youngsters lined up to the barrier. Starter Holtman got them away at the first break to a good start with Invictus in front, Sarner second and Dangerline third. Sarner is a good-looking chestnut colt by Kingston-Park Ridge, belonging to Barney Schreiber and it did not take him long to go to the front and open up a gap of a length and a half, an advantage he maintained until the stretch was reached where Dangerline went to the head of affairs, winning off by himself. Sarner hung a trifle in the last fifty yards and Hurry, coming with a rush, beat him by a neck for second place.

Mr. Holtman made an unfortunate start in the first race, sending nine of the ten starters away like a flock of wild geese. After this, however, Holtman did excellent work, having no delays at the post and getting the fields away well bunched.

Peaches, with Rose up, was the fortunate one to get off in front in the first event, and she won all the way by a half dozen lengths.

The second race saw Heigh Ho a 7 to 10 shot going to the post, but the Himyar-Janet mare did not seem to have her usual amount of speed and finished third to Abe Furst and Lucille Bramble. It was the universal opinion before the race that Abe Furst could not run in the mud, but he seemed to fairly revel in it, and at the end was easing up four lengths in the lead.

Bangle had little or no trouble in disposing of Our Nellie and three other ordinary horses in the nine-furlong condition race. This was quite a pretty race to look at for about a mile, but after that Bangle had everything his own way. Our Nellie and Bangle broke together and raced like a team many lengths in front of the other three plodders for about a mile, then Our Nellie gave it up and Bangle came home by himself. He was a stanch favorite and went to the post at 7 to 10.

"Lucky" Baldwin's Norfolk, by Emperor of Norfolk—Miss Ford, built on the same lines as his sire, won the fifth race, which was at a mile and a sixteenth, most impressively. He was ridden by the old timer, Patsy McDermott, and leading from end to end won pulled to a walk four lengths in front of Limerick, who was made favorite principally because Burns rode him. Enghurst, the only other starter, was beaten off all the way.

There was a lot of good selling platers in the sixth race and it was always about 2½ to 1 and take your pick against any of them. Lady Meddlesome, with T. Knight up, proved to be the best, and after Prestar had been used up by pacemaking she came on and won hard held by a neck.

Trinity Bell was late in arriving for the first race, and after betting had been in progress some time this filly was scratched by order of the judges and the firm of J. Welch & Co. was fined \$50 for being late. On account of Trinity Bell being late and withdrawn the starting time of the first race was set back from 2:15 to 2:35. In the meantime all bets were declared off by the managers of the ring and a new book was made with Trinity Bell out.

The "Kusey Club," consisting of W. M. Wallace, president, J. M. Arthur, secretary, twelve horses, four dogs and John Mayberry, shipped to Saratoga yesterday by express over the Illinois Central in car No. 23.

GOSSIP OF THE TURF.

The wonderful thing about the Washington Park meeting was the attendance. The New York tracks have a vastly greater population to draw from, yet there has never been a meeting held there that attracted so great an average attendance as the recent meeting at the banner track of the west. The attendance on American Derby day was not equal to that of the same day of the World's Fair year, but for the other twenty-four days of the meeting it was steadily in excess of that of 1893. There was no such thing as an "off" day during the meeting. It is doubtful if there was one day of the twenty-five with less than 10,000 paid admissions. It was a striking attestation of the local popularity of Washington Park. Racing is popular here no matter whether conducted on one track or another, but Harlem and Hawthorne have at present no chance to attract the great gatherings that are so strikingly characteristic of Washington Park. New Yorkers do not discriminate to any marked degree between Sheepshead Bay, Gravesend and Morris Park. Perhaps in time, particularly if the enactment of a law protecting racing is brought about, the Chicago Jockey Club and the Harlem Jockey Club may grow in fashion and popular esteem until, instead of one truly great racing organization and two of minor importance, we shall have three great clubs whose annual racing programs will be rich enough to command the presence of the leading turfmen and the most famous horses of the east as well as of the west.

So far as the mere racing at the great South Side track was concerned it cannot be said that it was distinctly better than that conducted over the other local tracks. From the fact that in the main the same horses are raced over all three courses the racing there could not well be vastly different from that at Harlem and Hawthorne. But at that it was as good as the western division of horses can furnish and as well conducted as racing can possibly be. From start to finish it was singularly free from races of the kind denominated as "suspicious." It may well be doubted whether the average class of horses in competition was as high as in some years of the past but they were good enough to furnish capital sport and were sent for the money with commendable and gratifying integrity. The astonishing form shown by Sidney Lucas was easily the feature of the meeting.

The officials of the club were immensely gratified because of the phenomenal success of their meeting, as well they might be. Their official expression of their appreciation of the superb public support awarded their efforts in behalf of good racing was extremely prompt and in the highest degree practical. There is no other case on record of a great racing club announcing on the closing day of a highly successful meeting that it would double its added money to its already rich stake list. The Washington Park Club has always made money through its racing department, but it has always methodically divided its profits with horse owners through annually increasing the value of its stakes and purses. The quick announcement of its grand program for next year was strictly in line with this traditional policy of the club and holds out a pleasant hint to owners of other rich increases and additions in other years to come. Adding \$20,000 to the American Derby was a bold stroke of sagacious policy that makes it at once the foremost three year-old event of the United States and it will be a strange thing if some of the recognized eastern stars of next year do not come out to battle

with the picked three-year-olds of the west for its big first money.

While a substantial outline of what may be expected at Washington Park next summer has been published it may be anticipated with confidence that other important features will be devised and announced in good time. It is quite probable, though not fully determined, that the Club will return to its former custom of closing stake entries in October. It has set aside \$3,000 to endow four new stakes, presumably designing to add \$2,000 to each, but it is not limited to what it has already declared is its intention of doing and it will not be surprising if some new stakes of importance will be found in the list when it shall be offered for consideration by the horse owners of the country. The club would do an extremely popular thing if it restored the Cup to its old place in its list of stakes. There is a growing tendency to revive long distance racing on the part of the New York clubs, as is evidenced by the Brighton Cup, The Advance, and Champion Stakes at Sheepshead Bay, and the Municipal and Morris Park Handicaps at Morris Park, and Washington Park should join in this movement. Long distance racing is immensely popular with people who go to see the sport, and a contest over the conventional Cup distance of two miles and a quarter between a few good horses would draw as strongly as the American Derby or the Wheeler Handicap.

SUMMING IT UP.

Here is what Mr. S. B. Weems told New Yorkers about the recent Washington Park meeting after it was all over:

"The remarkable success of the Washington Park meeting, which ended yesterday, will give racing an impetus in the western country that will extend even beyond the present season. Not only has the sport been of high class, but with the exception of the Barney Schreiber incident, it has been peculiarly free from unpleasant features. The attendances, both in quality and numbers, have surprised even the most sanguine of local turfmen. I have previously commented on this latter feature of the meeting. It may be sufficient to add the statement of officials of the club that the gate receipts show an average attendance of more than 10,000 for the twenty-five days of the meeting.

"That assertion may sound big to the eastern racegoing public, but I have no reason to doubt its accuracy. I do not recall any meeting in the east that ever maintained a better average attendance.

"The club officials and the club members are of course more than pleased with the results of the meeting. Secretary James Howard especially is highly elated.

"We have had altogether, I think," said Mr. Howard, "the best meeting in the history of the Washington Park Club, and this, too, in spite of the fact that at the outset we had to encounter a great many difficulties. The meeting has encouraged those of the club members who have any interest in racing, and I think we will have no difficulty in planning for a meeting next year on a much more liberal scale as to added money in the stakes and purses. It is not likely, however, that our dates will be extended, nor will we have more than one meeting. Our aim is to have high class racing and to maintain the sporting feature of racing."

"As intimated, the present meeting was planned under many difficulties. A reorganization of the club last spring brought into control a Board of Directors, some of which had little sympathy with racing. They considered it a doubtful business venture, and they looked with small favor upon the proposal to have a

SUMMING IT UP.

Continued from First Page.

race meeting. Finally, however, they concluded
to make the trial and wisely placed the entire
management and responsibility of the meeting
in the hands of Secretary Howard. Mr. Howard
was hampered by a late announcement of
stakes and a great deal of uncertainty as to the
speculative angle.

"This latter was indeed a serious matter, for
Washington Park being within the city limits,
there was no chance at all, or at least only a
very remote one, that open bookmaking could
be carried on. Finally, at the eleventh hour, it
was decided to give the eastern system a trial,
and the results have been eminently satisfac-
tory.

"The objectionable feature of bookmaking—
the display of paraphernalia—has been avoided,
and yet the public have had opportunity to
speculate when they cared to do so. The suc-
cessful trial of the eastern plan here has made
many converts, and the opinion is expressed
that the system is bound to be generally ac-
cepted in the west in the next year or so.

"Secretary Howard is a believer in big added
money in stakes and purses. He states that
another year the American Derby and the other
classic events at Washington Park will all have
largely increased values. His ideal as to purses
is the thousand dollar mark, none less, and if
possible he says no owner will run his horse at
Washington Park next year for less than \$1,000.
He believes that liberal added money makes
good racing, and in this view he is unques-
tionably correct.

"Members of the club, which is a great social
organization in which more interest attaches to
golf than racing, who were unfavorable to the
proposed meeting in the spring, have been
coming around latterly, and have expressed
both their surprise and pleasure at the results
achieved.

"It is difficult to estimate just what the clear
profit of the meeting may be, as the club has
been put to large expense under peculiar con-
ditions that prevail here. But Sheephead Bay
or Gravesend could swap profits with Wash-
ington Park and not lose much in the bargain."

Winner—B. f. by Fordham—Caroline.
Went to post at 2:40. Off at the first break to a bad start. Won easily; second the same; third and fourth driving. Peaches was in effect presented with the race by the starter. Rose got a running start and could have won by a city block had he so chosen. Glove got second place as easily as Peaches won. Esther Riggs was under a drive all the way. The rest were badly strung out all the way. The start was so straggling that in future calculations this race must be thrown out.

Scratched—19123 Mintara, 110; Trinity Bell, 115.

Winner—Br. h. by Himyar—Briar.
Went to post at 3:12. Off at the first break to a good start. Won easily; second and third doing their best. ABE Furst outclassed the field, was well ridden and never fully extended. He is a handy selling plate when in form but seems to be a hard horse to keep on edge. Lucille Bramble showed a lot of speed and can win at once when in with her own kind. Heigh Ho ran a bad race. She did not show her usual flash of speed and wobbled all over the track at the finish. Maggie Davis was a contender all the way and would have been hard to beat had the track been fast. Miss Shanley could not extend herself in the going. Alfred C. was beaten off all the way.

Scratched—19349 Silver Garter, 107; 19150 Catastrophe, 107; 19310 Vohicer, 109; (18557) Jim Gore II, 111; 19196 Vain, 108; 19266 Pope Leo, 115.

Winner—B. h. by Iroquois—Bracelet.
Went to post at 3:40. Off at the first break to a good start. Won easily; second, whipped out. Bangle outclassed his field and was in a soft spot. He seemed to like the going, ran kindly and was never fully extended. He is a horse of fair class and but for his moody disposition, he would be hard to beat in any company. Our Nellie did her very best. She seems to be good now, but does not possess the quality to beat a horse like Bangle. The first two had the race between themselves all the way. Henry C. ran as good as could be expected from him. Monongah was stiff and sore. Barton ran well for about three-quarters.

Scratched—(19097) Great Bend, 114.

Winner—Ch. c. by Wagner—Peril.
Went to post at 4:09. Off at the first break to a good start. Won easily; second and third were driving to the limit. Dangerline was best ridden, liked the going and was going away at the end. He likes a muddy track. Hurry made up ground throughout and ran a good, game race, outlasting Sarnar at the end. The latter is a good looking and for a new beginner ran a smashing good race. Invictus was interfered with at the start. Rega took the longest route and was generally poorly handled.

Winner—B. c. by Emperor of Norfolk—Miss Ford.
Went to post at 4:35. Off at the first break to a good start. Won pulled to a walk; second eased up. Norford is a wonder in sloppy mud and he had an easy time of it in beating Limerick. The latter was never in striking distance and when Burns saw he had no chance to win he eased the gelding up. Enghurst was beaten off all the way.

Scratched—19327 Alcedo, 112.
Norford, place, out. Limerick, place, out. Enghurst, place 3 to 2.

19427 SIXTH RACE—1 Mile. Purse \$400. \$75 to second; \$25 to third. 3-year-olds and upward. Selling.

Winner—B. f. by Meddler—Little Lady II.
Went to post at 5:05. Off at the first break to a good start. Won easily; second driving to the limit. Lady Meddlesome was well handled, found the track to her liking, and won without an effort. Knight had Prestar beaten at the eighth post and from there home simply teased Ransom. Prestar showed a lot of speed and seems to be in winning form. Blue Lick seemed dangerous at the head of the stretch, but hung at the end. Castake shot his bolt early. Bishop Reed was dull of speed and on a track precisely to his liking made a bad showing. He can and will do better than this.

Scratched—19218 Semper Eadem, 99; 18322 Racivan, 108; 19349 Mellocole, 101; 18734 Louisville, 89.
Overweights—Castake, 2 pounds; Honeywood, 3.
